The company possesses ample technological resources and is well equipped with modern producing facilities. In 2006, it set up a new production line of aluminum coil, aluminum strip and foil strictly according to national standard. By providing series 3 superior quality aluminum alloy sheet for the making of aluminum ceiling panels, the quality of ceiling panel is greatly improved.

SPIVER ITALY

Our story started a long time ago...We are here in Sicily, the deep end on Italy, in the after war period. The country, in those years, went through a serious economic and social crisis, in which the only way-out was emigration. So Salvatore packed his bags and left, saying good-bye to his family, in search of a better future. First of all he went to Germany, without knowing the language and without money ...the station in Stuttgart was his home for several days. After a short period of time, he moved to Switzerland, the country where he lived for ten long years.

Decorative Paints

Hand dryer & hair dryer

DYSON UK
